ACCESSIBLE ABSENTEE VOTING

Accessible absentee voting is a tool for Ohioans with disabilities to vote securely and independently using their assistive technology.

HERE ARE THE FACTS:

- You don't have to explain your disability.
- You can track your ballot just like any absentee ballot.
- It is secure. The accessible absentee ballot systems are certified by the Ohio Board of Voting System Examiners.

WE'RE HERE TO HELP!

Contact the Ohio Secretary of State ADA Coordinator or your county board of elections for assistance.

COUNTY BOARDS OF ELECTIONS

Each of Ohio's 88 counties has a board of elections responsible for administering local elections. For a listing of county boards of elections, visit VoteOhio.gov/Boards.

Frank LaRose
Ohio Secretary of State

1. REQUEST

Fill out the absentee ballot request form online, then print and mail it to your county board of elections.

OR

Call your board of elections to have an application mailed to you.

2. RECEIVE

You will receive an email from your county board of elections with a link to your accessible absentee ballot, instructions, and additional forms.

3. VOTE

Mark your ballot using your computer, smartphone, or other device.

Print your ballot and sign your Voter Statement/ID Envelope.

4. RETURN

Mail your voted ballot to your county board of elections.

It must be received at your board office no later than the close of polls on Election Day.
