

BUSINESS IDENTITY THEFT

Don't Be a Victim

- Thousands of companies are victims of business identity theft each year.
- Criminals can use your business's identity to illegally transact business and establish lines of credit.
- To protect your business's identity, sign up for the **Business Filing Notification System**.
- For notifications on uniform commercial code (UCC) filings against your business name, sign up for **UCC Watchlist**.

What is the Business Filing Notification System?

- A free service that helps prevent business identity theft.
- A service that sends email notifications any time a change is made to your business record.
- An alert to fraudulent filings and the need to take action.
