

DIRECTIVE 2008-17
January 14, 2008

To: ALL COUNTY BOARDS OF ELECTIONS
Re: New Deadline for Voting System Questions – Directive 2008-02

All County Board of Elections recently received Directive 2008-02 which included;

- o Two voting system survey questions to be answered by board members.
- o The Estimated Operating Expenses and selected inventory/equipment survey pertaining to the 2008 Elections to be answered by directors and deputy directors.

Please note the deadline for responses to the survey has been changed to January 18, 2008.

For your convenience, if you have not already responded to the survey questions, additional copies of the survey have been attached.

Responses to the survey questions should be received by the Secretary of State's office no later than **January 18, 2008**, with responses to be sent to Denise Sherrod via:

U.S. Mail: P. O. Box 2828
Columbus, OH 43216
Fax: 614-752-4360
Email: dsherrod@sos.state.oh.us

The EVEREST Report of Findings is still available online on the Secretary of State's web site at: <http://www.sos.state.oh.us/sos/info/everest.aspx>. If you have any questions concerning this Directive, please contact David Farrell, Elections Director or Pat Wolfe, Elections Administrator at 614-466-2585 or via email. Thank you for your assistance.

Sincerely,

Jennifer Brunner

Board Of Elections Member Survey

For counties using DRE voting machines

Each county board of elections member shall complete the attached survey questions that pertain to his or her county's voting system. Each board member should complete the survey independently and not in consultation with the director or deputy director or fellow board members. Board member's name and name of county is required to ensure compliance with this Directive. Please feel welcome to add additional pages if needed.

Name: _____ County: _____
(required) (required)

Do you have concerns as a result of the findings of the Secretary of State's EVEREST voting machine study about the security and performance of your county's DRE voting machine system? Please feel free to elaborate or further explain.

If funding is available (to cover costs that would be in excess of currently budgeted amounts) to pay for your county to change its voting system, including purchase of voting and/or tabulating equipment, ballot printing, ballot boxes, additional election and poll workers needed, public education and any post-election procedures to verify the vote count, do you wish to switch to a central count and/or precinct-based optical scan voting system for the November 2008 election? Please list the reasons why or why not.

Please list any other thoughts regarding Project EVEREST you would like to share.

*Responses to the survey questions should be received by the Secretary of State's office no later than **January 18, 2008**. The responses may be sent to Denise Sherrod via :*

Board Of Elections Member Survey

For counties currently using optical scan voting machines

Each county board of elections member shall complete the attached survey questions that pertain to his or her county's voting system. Each board member should complete the survey independently and not in consultation with the director or deputy director or fellow board members. Board member's name and name of county is required to ensure compliance with this Directive. Please feel welcome to add additional pages if needed.

Name: _____ County: _____
(required) (required)

Do you have concerns as a result of the findings of the Secretary of State's EVEREST voting machine study about the security and performance of your county's optical scan system? Please feel free to elaborate or further explain.

Do you wish to change your county's voting system in any way for the November 2008 election, e.g. to central count rather than precinct based optical scan, to larger polling places, early voting, or other changes, if the cost of these changes would be funded? Please feel free to elaborate or further explain.

If yes, what changes would you advocate and why?

Please list any other thoughts regarding Project EVEREST you would like to share.
