Independent Expenditures from a Corporation or Labor Organization Supporting or Opposing a Ballot Issue or Candidate
Form 30-B-2

This form is used to report an independent expenditure made for or against a ballot issue or candidate by a corporation or labor organization. An independent expenditure is not made with the consent of, or coordinated with, the ballot issue committee, candidate committee, or their agents. R.C. 3517.01(C)(17). If the item or service provided was made with the consent of, or in coordination with, the benefiting ballot issue committee, the contributing corporation or labor organization should report the contribution using Form 30-B-1. As a reminder, R.C. 3599.03 prohibits corporate contributions to candidate campaign committees.

The corporation or labor organization is responsible for filing this form. This form should **not** be filed by a campaign committee, political action committee ("PAC"), political contributing entity, legislative campaign fund, or political party. If a corporate-sponsored or labor organization-sponsored PAC makes an independent expenditure, the appropriate place to report that expenditure is the PAC report on Form 31-U.

Filing Individual/Entity Information
Complete the section of the form that provides the name and address of the corporation or labor organization that made the independent expenditure.

Report Type and Election Date
Indicate the type of report being filed and the year in which the report is being filed. Also indicate the specific election date, if any, that the issue or candidate is on the ballot for which the independent expenditure is being made.

Independent Expenditure Information
Indicate the ballot issue or candidate to which the independent expenditure relates and select whether it is being made to support or oppose the particular ballot issue or candidate. Indicate to whom the independent expenditure was made, along with the purpose of the independent expenditure, the date, and the amount. Complete this information for each independent expenditure made. If necessary, attach additional sheets.

Reporting Requirements
A **pre-election** filing is due by 4 p.m. 12 days before an election if $1,000 or more in independent expenditures were made to support or oppose a ballot issue or candidate by the 20th day before the election.

A **post-election** filing is due by 4 p.m. 38 days after the election if either:

1. Independent expenditures were made to support or oppose a ballot issue or candidate totaling less than $1,000 by the 20th day before the election and no pre-election filing was made; or
2. Any independent expenditures were made to support or oppose a ballot issue or candidate between the 20th day before the election and the 31st day after the election.
