

## INTERNET SAFETY

When visiting the Safe at Home website, or any other website, please keep in mind that computers can track information such as websites you have visited and emails you have sent. If you are in danger, try to use a safe computer that the person you fear cannot access.

### GOOGLE CHROME:

1. Click on the dropdown menu in the top right corner.
2. Click on History
3. Click on History again
4. Click on Clear Browsing Data
5. Use the drop down menu to select how far back to delete ("the beginning of time" deletes all)
6. Click on Clear Browsing Data

### INTERNET EXPLORER:

1. Click on Tools
2. Select Delete Browsing History
3. Click Delete

### SAFARI:

1. Click the Safari Tab
2. Select Reset Safari
3. Check Clear History
4. Click on Reset

### FIREFOX:

1. Using your keyboard, hit Control, Shift and Delete at the same time
2. Use the drop down menu to choose which time range you would like to delete
3. Click Clear Now to confirm

### GOOGLE CHROME (DELETING SPECIFIC ITEMS):

1. Click on the dropdown menu in the top right corner.
2. Click on History
3. Click on History again
4. Mark a check mark next to entries you want to delete
5. Click on Remove Selected Items at the top

### INTERNET EXPLORER (DELETING SPECIFIC SITES):

1. Click on the Favorites button (Star button)
2. Select the History tab
3. Right click specific site and click Delete

### SAFARI (DELETING SPECIFIC ITEMS):

1. Click on the History Tab
2. Click Show History
3. Right click on the item and click Delete

### FIREFOX (DELETING SPECIFIC ITEMS):

1. Click the Menu button
2. Select Settings
3. Click Privacy
4. Click Clear Now
5. Check the items you want to clear
6. Click Clear Data
